MANUAL CORE SATURATOR

Description:

This is the lowest cost Core Saturator available at PERM Inc. Instruments. It has the simplest technology and is useful for instructional and educational purposes. It includes a hand-operated liquid pump for liquid injection.

Specifications:

- ◆ Chamber diameter: 40 mm
- ◆ Chamber length: 150 mm
- ◆ Pressure rating: up to 2,500 psi
- ◆ Fluids: water, light oil, brine, solvents, and other liquids
- ◆ Sealing material: viton
- ◆ Manual system and analog pressure gauge
- ◆ Wetted material: stainless steel
- ◆ Power supply: 110-220 V/50-60 Hz, 1500 W

Benefits:

- ◆ Fast and efficient saturation
- ◆ Great for instructional and educational purposes
- ◆ Capable of saturating several core plugs simultaneously
- ◆ Easy to mount sample inside the chamber

Possible Upgrades:

Increase chamber length diameter to 60 mm and 300 mm, respectively.
